Re: Request for Comment Extension  
"Notice of Availability of Enforcement and Compliance History Online Web Site  
for 60-Day Comment Period."

Dear Ms. Kane,

USEPA recently published the above referenced Notice of Information Availability and Request for Comments on November 20, 2002 (67 FR 70079) that included a 60-day comment period ending January 21, 2003. Safety-Kleen has almost 600 records in 49 states in the ECHO database, and in an effort to ensure the best possible and most useful comments, we need additional time to work through the data correction issues with the states. As such, we are requesting an additional 60-day extension of the comment period to March 24, 2003.

Thank you for your attention to this issue, and please call with any questions you might have at (847) 468-3274.

Sincerely,

Dan Appelt  
Director, Regulatory Communication and Compliance
